

These **ARE NOT** YOUR **Grandma's**

perms!

**Curls and waves are prominent now more than ever – from special occasion to every day styles!**

Gone are the frizzy, poodle perms that smelled of chemicals even after you shampooed! Now, your stylist can give you a loose, flowing wave, a natural bouncy curl or just lift at the root with little to no curl at all! And the best part – you can shampoo on the same day you get the service!

Ask your Stylist about a modern, wave style today!
